[CT2274/2026 - Services - Tender for the Implementation of a Fully Compliant European Digital Identity Wallet (EUDIW), Supporting Trust Ecosystem and use cases for the Malta Digital Innovation Authority (MDIA)]

Clarification Note # [23]

To all prospective bidders

Reference is made to the above-captioned tender for which the deadline for submission of offers is **[05/11/2026]** at **[09:30am]**.

Please find a set of clarifications which are construed to form an integral part of the tender document.

Clarification 1

The Contracting Authority wishes to clarify part of Section 3, Clause 4.2.3.10.4 ‘PID Provider’.

The clause shall read as:

“The PID Provider shall be capable of signing (see Clause 4.2.3.10.5, PKI, below), re-issuing and revoking PIDs as specified above.”

This clarification is being issued to indicate that the published reference ‘Wallet Provider’ should read ‘PID Provider’ as indicated above.

Clarification 2

Section 2, Article 26.1 states that "The Contractor shall fulfil the hosting responsibilities detailed in Schedule 3 (Hosting Environment)."

The Contracting Authority wishes to clarify that the Hosting schedule referenced here can be found in Schedule 1 rather than Schedule 3.

Clarification 3

Section 3.1, Hosting Options of Schedule 1 – Hosting Environment shall be amended to read as follows:

“3.1 The Solution shall be hosted as follows:

- Version 1: The entire solution for Version 1 as defined in Section 3, Clause 4.2.1.1 is to be hosted on Azure Cloud – off premises
- Version 2: The entire solution for Version 2 as defined in Section 2, Clause 4.1.4 (10) is to be hosted in Colocation within both of MITA’s Data Centres;”

From the above, the Contracting Authority wishes to clarify the references to Version 1 and Version 2.

All other tender documents, conditions and requirements, which are not superseded by this clarification remain in place.
