Regulation 2 of S.L. 601.12 define Economic Operators as ‘any natural or legal person or public entity or group of such persons and, or entities, including any temporary association of undertakings who submitted a bid under, and regulated by, these regulations’. Regulation 2 of S.L. 601.08 define Economic Operators same as S.L. 601.03.

Regulation 78(1) of S.L. 601.09 states that ‘With a view to meeting the conditions for participation laid down in regulation 77 an economic operator may, where appropriate and for a particular concession, rely on the capacities of other entities, regardless of the legal nature of its links with them’.

Importance of the Ultimate Beneficial Owner Declaration Form:

It is pertinent to note that all the above stakeholders must include the information on the Ultimate Beneficial Owner/s, in view of the 'Revisions to Recommendation 24: Transparency and Beneficial Ownership of Legal Persons', as published by the Financial Action Task Force (FATF), specifically in the course of Public Procurement⁵. In addition, it is also important to remember that through a General Prohibition, Regulation 191(1) of the Public Procurement Regulations (2016) S.L. 601.03⁶ states that 'No economic operator or sub-contractor shall be given a public contract if he is subject to any of the exclusion or black listing grounds mentioned under this Part'⁷. In addition, Regulation 235 (2) of S.L. 601.03⁴ states that 'The contracting authority shall, ... verify whether the entities on whose capacity the economic operator intends to rely, fulfils the relevant selection criteria and whether he falls under any ground established under Part VI'⁸.

⁵ Corporate Vehicles, namely Legal Persons (The General Glossary of the FATF recommendations defines Legal persons as any entities other than natural persons that can establish a permanent customer relationship with a financial institution or otherwise own property. This can include companies, bodies corporate, foundations, anstalt, partnerships, or associations and other relevantly similar entities.) and Legal Arrangements (Further to the definition in the General Glossary of the FATF recommendations, Legal arrangements refers to express trusts and other similar legal arrangements such as fiducie, certain types of Treuhand, fideicomiso and Waqf.), due to their unique legal status, become susceptible to being misused by criminals for various unlawful purposes, including Money Laundering, Tax Fraud, Bribery and Corruption, Terrorist Financing, Insider Dealings, Sanctions Evasion and other illicit activities. To this end, the FATF, through the 'Revisions to Recommendation 24' has recently strengthened the international standards on beneficial ownership. In fact, to tackle illicit financial drifts, countries are required to ensure that competent authorities have access to adequate, accurate and up-to-date information on the beneficial ownership and control of legal persons. Such requirements are also applicable in the course of Public Procurement.

⁶ Regulation 164 of the Public Procurement of Entities operating in the Water, Energy, Transport and Postal Services Sectors Regulations (2016) S.L. 601.05, Regulation 42 of the Procurement of Property Regulations S.L. 601.12 (2020) and Regulation 81 of the Concession Contracts Regulations S.L. 601.09 (2016) redirect to S.L. 601.03 since the said regulations state that 'Part VI of the Public Procurement Regulations shall mutatis mutandis apply to these regulation'. The concept of 'Excluded or Blacklisted Economic Operators' applies also to the Emergency Procurement Regulations (2016) S.L. 601.08.

⁷ Part VI: Exclusion and Black Listing of Economic Operators.
